JUNE ID Clean-Up

- Available sometime the week of June 15th have approximately two weeks to clean-up the data.
- DESE will create a trial for every district in the state. The trial will have every student that took a State Assessment (MAP, MAP-A, EOC, LAS Links).
- The purpose of the trial is to make sure EVERY record has a valid MOSIS ID and that EVERY record has can be linked to an April Student Core record.
 The April Student Core record is used to capture the demographic data of the student.
- Districts can add "teacher name" to the file which will be linked to the assessment results – one communication arts, math, and science teacher name.

- General Discussion and Feedback
 - Additional training needs

October Discussion

- 1) Comment field currently on the "ed school" record. Discussion taking place to add comment field to the course assignment record instead of on the ed school record. DESE would combine all comments to populate "the comment field" for the educator.
- 2) Recording Planning Time
- 3) Semesters classes that are actually year long classes
- 4) Non student assignments
- 5) Self contained elementary classes broken out by subject don't need that level of detail.
- 6) Non self contained elementary classes are not scheduled.
- 7) Late hire and early termination transferring of assignment data.
- 8) Case loads when students are not scheduled.
- 9) At risk classes (multiple subjects)
